To whom it may concern,

I have had the pleasure of knowing Taylor for several years in my capacity as the Judge Executive for Barren County, and it is with great enthusiasm that I support her academic and extracurricular pursuits.

Taylor is an exceptional young woman who excels both in the classroom and beyond. As the Senior Class Vice President for the Class of 2025, she has demonstrated outstanding leadership, organizational, and communication skills that have earned her the respect of her peers and faculty alike. She is also the State President of SkillsUSA Kentucky, a position that showcases her drive, ambition, and dedication to developing both her leadership and technical skills. As an honors student with a remarkable 3.95 GPA, Taylor's academic accomplishments speak for themselves. Furthermore, her participation in the Early College Magnet Program and the Gifted and Talented Leadership Program reflects her intellectual curiosity and her commitment to academic excellence.

Taylor's leadership abilities extend beyond the classroom. She is a key member of the Barren County High School Varsity Basketball team, where she contributes not only to the team's success on the court but also as a role model for her teammates. Additionally, she is an active participant in the Pep Club, showing her school spirit and promoting a positive school culture. Taylor's diverse involvement in these extracurricular activities, combined with her academic achievements, makes her a well-rounded individual with an exemplary work ethic.

Beyond her impressive resume, what truly sets Taylor apart is her character. She is compassionate, responsible, and deeply committed to improving her community. Taylor's passion for politics and law is evident in her future goals, as she plans to major in pre-law and political science. Her desire to make a positive impact on society is evident in everything she does.

I have no doubt that Taylor Strange will continue to excel and make meaningful contributions. She is an outstanding student, leader, and individual, and I strongly believe she will bring the same level of dedication and excellence to any future endeavor she may have as she has to her school and community. I offer my highest recommendation and trust that she will prove to be a valuable asset to your academic community.
